
2007 - 2008 CAMPTONVILLE GOLD PAGES

Welcome to the sixth edition of the “Gold Pages,” a guide to the local businesses, services and organizations in the greater Camptonville area. We hope you will use this directory to connect with and support the people who live in our small mountain community.

This directory is produced by The Camptonville Community Partnership toward our goal of encouraging a

“locally-connected, earth-friendly economy.”

In this edition, people now have the opportunity to describe their “earth-friendly” business practices. We want to support and encourage those practices that help sustain the long-term health of this planet we call home. Together, we can

“Think Globally, Act Locally.”
